APRIL 1982

NOTE FROM PATTI

I have titled the enclosed list of persons "The 1982 Membership List Plus". I feel this title needs a little bit of an explanation.

I spent a good part of this weekend inputting the membership list. I brought back the equipment and diskette today for a print out. No good. The diskette will not load. Frustration! I had intended to only make the last of the revisions from those made last summer to the Up Rope mailing labels. Not only did I have to start over, but I forgot to bring the boxes that contain the other revision information. I am tired and know that I have probably made some typos. Please bear with me.

Reduction after reduction has the list of members and area climbers down to 4 pages. Please let me know about any needed corrections or additions (people and/or phone numbers), and I will attempt another running in June.

Now, about the title. I realized that the list I started from contained the names of some area climbers that do not actually belong to the MS. But, I feel that they are an important part of the list of area climbers and have included them. After all, did we want a membership list or a list of climbers?

HAVE SOME GOOD ROCK CLIMBING SLIDES?

John Teasdale is organizing a slide show surveying rock climbing areas in the United States and Canada. Anyone wishing to contribute and/or discuss a few slides of areas they have visited, please contact John at home (262-9128).
